

MULTIDISCIPLINARY DAYS

VIRTUAL EVENT, JUNE 28-30, 2022

The Multidisciplinary Days are a new event format of the EANM. They will cover 2.5 days of invitational talks and will be accredited with 21 CME points. This virtual conference will feature 15 Scientific Symposia and 25 Joint Symposia with external partner societies. Get updated on the newest developments in the field of nuclear medicine and their multidisciplinary context in more than 78 hours of scientific content.

Date/ Time	Tuesday, June 28, 2022		Wednesday, June 29, 2022		Thursday, June 30, 2022		Date/ Time
	Channel 1	Channel 2	Channel 1	Channel 2	Channel 1	Channel 2	
08:00 - 11:00	Scientific Symposium 1 Radiopharmaceutical Sciences + Oncology & Theranostics Committee Present and Future of FAPI Tracers	Scientific Symposium 2 Neuroimaging Committee / ECNP Imaging of Obesity - Is it All in Your Brain?	Scientific Symposium 7 Oncology & Theranostics + Physics + Radiopharmaceutical Sciences Committee Total Body PET	Scientific Symposium 8 Translational Molecular Imaging & Therapy Committee Translational Nuclear Medicine Research Around the Globe	Scientific Symposium 13 Oncology & Theranostics Committee [¹⁸F]FDG PET/CT - Interpretation and Management of Incidental Findings	Scientific Symposium 14 Dosimetry Committee Challenges and Opportunities in Setting Up a Dosimetry Service	08:00 - 11:00
11:30 - 14:30	Scientific Symposium 3 Oncology & Theranostics Committee Imaging, Targeted Radionuclide Therapy of Lung NETs - Current and Future Directions	Scientific Symposium 4 Cardiovascular + Inflammation & Infection Committee Hybrid Cardiac Imaging - It Takes Two to Tango!	Scientific Symposium 9 Neuroimaging + Physics Committee Neuroimaging & Artificial Intelligence - A Game-Changer?	Scientific Symposium 10 Bone & Joint + Physics Committee Advanced Analysis in MSK Imaging - Back to the Future	Scientific Symposium 15 Inflammation & Infection + Translational Molecular Imaging & Therapy + Radiopharmaceutical Sciences + Physics Committee Novel Infections Tracers - From Bench to Bedside		11:30 - 14:30
15:00 - 18:00	Scientific Symposium 5 Thyroid Committee Radiodine Refractory (RAI-R) Thyroid Cancer - Much More Than a Definition Problem	Scientific Symposium 6 Physics + Translational Molecular Imaging & Therapy+ Neuroimaging Committee / AAPM Dynamic Quantitative Imaging	Scientific Symposium 11 Oncology & Theranostics Committee / EORTC How to Orchestrate a Successful Team in Oligometastatic Cancer	Scientific Symposium 12 Radiopharmaceutical Sciences + Physics Committee Novel Theranostics Isotopes and Tracers for Imaging and Targeted Therapy			15:00 - 18:00

Date/ Time	Tuesday, June 28, 2022		Wednesday, June 29, 2022		Thursday, June 30, 2022		Date/ Time
	Channel 3	Channel 4	Channel 3	Channel 4	Channel 3	Channel 4	
08:00 - 09:30	<p>Joint Symposium 1 Inflammation & Infection Committee / ESCMID</p> <p>Response Assessment in Infectious Diseases with PET</p>	<p>Joint Symposium 2 Cardiovascular Committee / ASNC</p> <p>Imaging Guidelines in Europe and in North America - Is There an Ocean Between Us?</p>	<p>Joint Symposium 11 Neuroimaging Committee / EANO</p> <p>Theranostic Approaches in Brain Tumours</p>	<p>Joint Symposium 12 Translational Molecular Imaging & Therapy + Inflammation & Infection + Oncology & Theranostics Committee / ESMI / WMIS</p> <p>Translating Inflammation Imaging into Immunooncology - Focus on Macrophages</p>	<p>Joint Symposium 21 Oncology & Theranostics Committee / JSNM</p> <p>Beyond Beta - Effort to Expand Radionuclide Therapy in Japan and Europe</p>	<p>Joint Symposium 22 Physics Committee / IEEE</p> <p>NM Detector Technology - State of the Art, and the Future</p>	08:00 - 09:30
10:00 - 11:30	<p>Joint Symposium 3 Neuroimaging Committee / MDS</p> <p>News and Views on Imaging Movement Disorders</p>	<p>Joint Symposium 4 Bone & Joint Committee / ESCEO</p> <p>Osteoporosis Care in 2022 - Everything a Nuclear Medicine Physician Needs to Know</p>	<p>Joint Symposium 13 Oncology & Theranostics Committee / ENETS</p> <p>Management of Metastatic Advanced Neuroendocrine Tumours</p>	<p>Joint Symposium 14 Thyroid Committee / EFLM</p> <p>Thyroid Dysfunctions - An Appraisal for Nuclear Medicine Thyroidologists</p>	<p>Joint Symposium 23 Neuroimaging Committee / EAN</p> <p>The European Inter-Societal Consensus for the Biomarker-Based Diagnosis of Mild Cognitive Impairment</p>	<p>Joint Symposium 24 Translational Molecular Imaging & Therapy + Inflammation & Infection + Radiopharmaceutical Sciences Committee / WMIS</p> <p>Molecular Imaging for Infectious Diseases</p>	10:00 - 11:30
12:00 - 13:30	<p>Joint Symposium 5 Oncology & Theranostics Committee / EHA</p> <p>PET Under Pressure - New Treatment Options and Imaging Criteria in Lymphoma</p>	<p>Joint Symposium 6 Radiation Protection Committee / EURAMED</p> <p>Artificial Intelligence and NM - Clinical Impact and Impact on Radiation Protection</p>	<p>Joint Symposium 15 Dosimetry Committee / ICRU</p> <p>ICRU Report No. 96 - Dosimetry-Guided Radiopharmaceutical Therapy</p>	<p>Joint Symposium 16 Paediatrics Committee / SIOPEN</p> <p>Changing Paradigms in Neuroblastoma</p>	<p>Joint Symposium 25 Radiation Protection Committee / IAEA / WHO</p> <p>Communication of Radiation Protection Issues in Nuclear Medicine</p>		12:00 - 13:30
14:00 - 15:30	<p>Joint Symposium 7 Cardiovascular Committee / ESCR</p> <p>Cardiac Molecular Imaging in Heart Failure - Are We There Yet?</p>	<p>Joint Symposium 8 Radiopharmaceutical Sciences + Oncology & Theranostics Committee / IAEA</p> <p>Therapeutic Radionuclides - What We Have and What We Need</p>	<p>Joint Symposium 17 Oncology & Theranostics Committee / CIRSE</p> <p>Liver Radioembolization - Changes & Challenges</p>	<p>Joint Symposium 18 Thyroid + Dosimetry Committee / ESE</p> <p>Sense and Non-Sense of Dosimetry in Thyroid Disorders</p>			14:00 - 15:30
16:00 - 17:30	<p>Joint Symposium 9 Oncology & Theranostics Committee / ESR</p> <p>PET/MR - What Have We Learnt of One Decade of Clinical Use?</p>	<p>Joint Symposium 10 Physics + Translational Molecular Imaging & Therapy Committee / ESM</p> <p>Harmonisation of Pre-Clinical Imaging</p>	<p>Joint Symposium 19 Translational Molecular Imaging & Therapy + Physics + Oncology & Theranostics Committee / EAU / EADO</p> <p>Defining the Imaging Needs in Urologic and Non-Urologic Surgery</p>	<p>Joint Symposium 20 Radiopharmaceutical Sciences + Oncology & Theranostics Committee / ESMI</p> <p>Tracking Cells with PET - Strategies and Applications</p>			16:00 - 17:30
