

Special Track Session 10

**Debate 3**

**Tuesday, October 18, 09:45-11:15, Hall 112 (Arena)**

**Session Title**

**Imaging Brain Tumours - Is PET Required or only a Fancy Option?**

**Moderators**

**Valentina Garibotto** (Geneva, Switzerland)

**Ian Law** (Copenhagen, Denmark)

**Speakers**

**Marion Smits** (Rotterdam, Netherlands):

**MRI is Sufficient in the Management of Patients with Brain Tumours**

Marion will be supported by Ilanah Pruis and Sophie Derks

**Norbert Galldiks** (Cologne & Juelich, Germany):

**PET Imaging Adds Value to MRI in Patients with Brain Tumours**

Norbert will be supported by Philipp Lohmann and Jan-Michael Werner

The speakers present their controversial introduction statements.

Afterwards the speakers are asked on stage.

Moderators will lead the lively discussion.

The audience is strongly invited to participate.

Microphones are provided in the room.
